Monferrato Bike tour among the vineyards

Ebike Monferrato: an alternative to the Langhe and a territory to be discovered.

If the Langhe are now a very well-known tourist destination, Monferrato can really be a surprise... word of Slowdays!

We believe in sustainable mobility and slow tourism: what better way to visit a territory than on one of our beautiful Ebikes?

Vigna dei Pastelli: discover it with our e-bike Tour

We like alternative routes and above all we are happy to propose simple days, surrounded by nature to discover the Langhe in a SLOW way!

We think that the electric bike is a fantastic means of pedaling on the hills: the climbs would be too "tough" with the normal bike (muscular, as the experts call it), but the E-bike allows you to make a little effort, but not too much... and then do you want to put the descents after the effort of the climb? Priceless!!!

**Santo Stefano
Belbo, Barbera
and Moscato by
bike!**

We want to offer you an alternative to the Langhe that everyone knows. We are in the Belbo area, famous for being the birthplace of the great and unforgettable writer Cesare Pavese: a delightful village, surrounded by Barbera and Moscato vineyards.

A perfect territory to create one of our E bike experiences!

We don't rent electric bikes, we create day experiences that can stay in your heart and above all let you get to know this magnificent territory in a slow way.

Giant Benches Tour Langhe

The giant benches of the Langhe have now become one of the symbols of the Langhe. They are a great way to discover hidden and wonderful corners of this territory! Climbing on them, or rather climbing them, will make you feel like a child again.

A simple but special day full of emotions..

What our customers say

The ebike (not very recent models but quite well maintained and with very efficient batteries) is delivered by competent staff in the center of Alba. Excellent welcome in the cellars both for lunch and for a snack. Splendid locations, very good wines

Franco G.

Very relaxing and fun vacation. The e-bike tour organized by Claudia allowed us to immerse ourselves in beautiful landscapes and savor the scent of this green land. Thank you Claudia! You were impeccable!

Lucia C.

First and exciting experience on an e-bike up and down the wonderful hills of the Langhe. Claudia was very helpful in finding us alternative solutions because the bad weather seemed to want to put a spoke in our wheels but in reality everything went splendidly, only a few drops of rain a handful of km from the finish made it all even more fun.

Antonio S.

Beautiful day on an ebike with lunch and tasting.
Professional and kind organization, we had to move the tour from the end of August due to bad weather and we managed to reschedule everything easily thanks to Claudia's professionalism. The Ebikes are awesome

SLOWDAYS

I would like to know all the locations in advance

I'm sorry but that's not possible.

We are not a portal that promotes other structures or activities, but we organize ourselves based on your interests and the availability of the suppliers.

We spend a lot of our time testing the quality of the experiences and we think we know the different local realities inside out. We think that, if you decide to rely on us, you do it to have an experience completely organized by a local and to not have to think about anything.

Of course we know that many prefer DIY and we think it is still a good way to travel, but different from what we propose, who want to be discreet in "organizing your DIY perfectly". So at least leave us the pleasure of surprising you!

Check out our reviews to understand how we work!

How can I book?

To book, simply click on the "Info and bookings" button above or below and answer the questions.

Once we receive your request, we will start working to check availability and we will reply to you as soon as possible. Once we have confirmed availability, you can then proceed with payment via bank transfer, credit card or Satispay.

Remember: you are not buying a ready-made tour, but you are asking for our advice to organize it!

F.A.Q.

I would like to speak to someone on the phone. Is that possible?

Slowdays has decided to communicate only via email.

Over time, we have understood that it is the only way for us to give correct and fast answers to various doubts and requests. If you are interested in learning more, you can find our reasons here.

So send your request now to claudia@slowdays.it or fill out the form on the product to get in touch with us!

Then if necessary, we can talk but we will evaluate it later!

I want to give a tour/experience as a gift: how do I do it?

How do our gift vouchers work? Our SlowBoxes!

Buy them now and they last a year! You can buy the voucher by clicking on the button above or below "Buy or Gift" and choose whether to send the voucher to the recipient or receive it yourself!

The date is up to the recipient of your gift! Just contact us once you have decided on the date and we will check availability.

Our gift experiences are all independent and private, not in groups, and therefore there are no predefined dates: they can be experienced both during the week and on weekends.

And what if your choice doesn't please you? No problem, the recipient can exchange the voucher for another experience of equal value.
